VOLUME LXIV FIRST IN SERVICE TO READERS ANTIOCH, ILLINOIS, THURSDAY, AUGUST 18, 1949

FIRST IN RESULTS TO ADVERTISERS NUMBER 3

Contract for Orchard Street Sewer, Water Mains Signed Friday

Work Surely Will Be Started Within Next 10 Days Contractor Says

Work is to be started within the next week or 10 days on the installation of the sewer and water mains extension on Orchard st.

The contract with Quigley and Schneider, Highland Park, and the village board was signed last Friday night. The firm's bid was \$12,601.60.

Because it is already engaged in one project the firm said it would not start here for two weeks.

It is expected that despite the late start, the sewer connection can be laid to the new St. Peter's school building in time for the opening of school and the use of the building.

Barney Nabor who has considered putting sewer and water past his properties hasn't contracted for that work yet.

The village board at the special meeting passed the levy ordinance calling for taxes in excess of \$28,000.

Large Barn Destroyed By Fire at Lake Villa, Antioch Men Stand By

The Antioch fire department stood by for Lake Villa and Fox Lake while the two departments, Grayslake and Gurnee battled a blaze that consumed a barn and some contents at the Lindenhurst farm on Grand ave., two miles east of Lake Villa Saturday morning.

Attempts were made to call the local department immediately after the Lake Villa department received the call, but the telephone lines were busy and the dial system was not conducive to an emergency break-in, firemen said.

The Lake Villa department went to the Lindenhurst farm early in the morning in putting out a small blaze that started from defective wiring. About 10 a.m. the fire started again and got such a good start that it could not be extinguished and the building was consumed at a loss of \$35,000.

Chief Herdsman James Dorsey, and his assistants, Oscar Behley and James Wetry led 16 head of cattle from the barn.

Mrs. E. A. Siebel owns the farm.

Kenosha County Fair Again Largely Attended

Favored by weather the Kenosha county fair at Wilmot last week drew its usual large crowd. It was estimated that the paid attendance was around 25,000. While surrounding communities had rain, Wilmot escaped it.

Many Illinois stock raisers exhibited there and there was more OIC swine from Lake county than in the Lake county fair the week previous.

The horse show was the big attraction and with the exception of Friday night it was necessary to turn people away for lack of space. More bleachers probably will be erected next year.

Warnings Issued to All Mothers, Fathers Here

Chicago—Here's a word of warning to all Moms and Dads: Accidents are the greatest kid-killers in America!

According to the 1949 edition of the National Safety Council's statistical yearbook, "Accident Facts," accidents far out-rank any of the more generally feared childhood diseases as a cause of death among children 1 to 14 years old.

There were 10,731 accidental deaths in that age group in 1947—three times more than were claimed by pneumonia, the next most important cause of death. And accidents caused 42 times as many deaths as polio.

Institutes the Angelus

The tower bell at St. Ignatius church rings daily at 9 a.m., noon, and 5 p.m. as an invitation to members to join in prayer and is known as the Angelus. At these periods the deacon in charge says the offices of morning prayer, sext, and evening prayer. The practice has been instituted by the new deacon in charge.

Grass Lake Citizens Group Calls Meeting to Discuss School Matters Sept. 7

A public meeting to report to residents of School district 36 on the operation of their Grass lake school has been called for 8 p.m. Friday, Sept. 9, at the school, Nathan Galloway, chairman, announced Tuesday.

The meeting is called by the Grass Lake Citizens' group a body that functioned last spring and will be an open session in which an opportunity of asking questions relative to the operation of the school will be given.

Galloway said all citizens and Parent Teacher association members in the district are invited to attend.

V.F.W.'s Lose to Racine Blues 7-6; To Play Cabin Lane

Four errors which were converted into runs gave the Racine Blues a 7-6 victory over the Antioch V. F. W. Sunday. It was Antioch's third successive one run defeat in its last three Sunday tilts. Ray Bushing on the hill for Antioch was touched for eleven blows including two long triples by Woods, Racine's right fielder, Mickey Price did the pitching for the colored aggregation and did a very splendid job in all except the first inning when Antioch bunched four hits, a walk and an error for five runs. In the remaining eight innings Price allowed but four scattered hits and one lonely run as he struck out eleven Antioch batsmen and picked two men off first base.

Racing jumped off to a quick two run lead on an error, a triple and a single but the lead was short lived as Antioch came back with five runs in their half of the inning. Jim Fields led off with a bunt which he beat out for a hit. Corrado walked, Palenski bunted and was safe when no play was made. Schneider hit a bouncer to short which Preston bunted. Fields scoring. Crandall then singled to left scoring Corrado and Palenski. Fox walked to again load the bases. Wells popped to the pitcher but Herb Ellis came through with a single over second and sending Schneider and Crandall across the plate. Price then settled down to retire the side without further difficulty.

The Blues got one run back in the third on a triple by Woods and error by Wells on Polk's grounder. They used two walks and a single to get their fourth run and scored another unearned run in the seventh to knot the score. Preston was safe on an error by Wells. Woods bounced to Bushing but when no one covered second immediately both runners were safe. Polk lined to Bushing who threw to Wells for a double play. Johnson then singled to right sending in Preston with the tying run.

Racing broke the tie by pushing across two runs in the eighth. Antioch countered with one marker on a walk by Crandall and a triple to Fox and got two men on in the ninth but couldn't get in the tying or winning runs.

Next Sunday Antioch will take to the road to try and get back into a winning way. The opposition will be the Cabin Lane team, who play at Eagle Lake, near Kansasville, Wis.

Volunteers of America "Have a Heart" Tag Day Set for Sat., Aug. 20

With permission of Mayor Geo. Bartlett, the Volunteers of America will conduct their "Have a Heart" tag day here on Saturday next. Headquarters will be in Village Hall, where Mrs. Tobey will be in charge of the workers. Young people are invited to lend their services selling "Hearts" for whatever the public is willing and able to give. Cash awards are being offered to those helping this worthy cause.

The Volunteers of America has been sponsored by every president of the nation since McKinley, who was president at the time it was founded 53 years ago.

Almost every encyclopedia and dictionary carries accounts of the organization or its founders, Gen. Balling Booth and his wife Maud.

The seasonal work in the more than 300 service programs and institutions operated by the Volunteers is just a small part of the year-around program. This included missions, departments of family relief, Community Centers, Homes for the aged, day nurseries, summer camps, homes for children, maternity homes, clubs for girls and boys, homes for the working girls, Hospital and the Volunteer Prison league, which aids in the rehabilitation of paroled and discharged prisoners and their families.

Grade School to Open Friday, September 2, For Early Registration

No School on Labor Day or During Teachers Day On Tuesday

School will open in the Antioch Grade School on Friday Sept. 2, at 9 a.m., Principal Richard Whitacre announced today. The bus will run on the usual schedule. Registration of pupils will take place during the morning and all grades will be dismissed for the day at 11:30 a.m.

As usual, there will be no school on Labor Day, Sept. 5, or on the Lake County Teacher's Institute Day, Sept. 6. Regular classes will start on Wednesday, Sept. 7.

Children of District No. 34 are eligible to attend kindergarten if their fifth birthday is on or before December 1, 1949 and those attending first grade must be 6 years of age on or before December 1. All kindergarten children and first grade children being enrolled in this district for the first time must present birth certificates as proof of age.

Teachers of the Antioch Grade school are as follows:

Kindergarten, Mrs. Esther Wilton; First grade, Mrs. Fern Lux; Second grade, Mrs. Lucille Whitacre; Third grade, Mrs. Charlotte Atkinson; Fourth grade, Mrs. Fanny Yates; Fifth grade, Mrs. Vera Ranney; Sixth grade, Mrs. Hester Garland; Seventh grade, Mrs. Kathryn Bartlett; Eighth grade, Richard Whitacre; Music, Hans von Holwede. A speech correction teacher may be added.

Program at St. Ignatius' Church Presages Change From Mission to Parish

Improvement in the arrangements of the interior of St. Ignatius Episcopal church with a fall program so intensified that it will remove the church as a mission after 35 years and make it a parish next year were announced recently in the church's monthly "Epistle."

Church school classes have been reorganized and graded lessons will be used for the primary, junior and senior classes. Young people of 15 or over will be in the new adult study class under Fr. Ehrhart.

The church school service will be a full service of the church since the deacon in charge is present full time. The Holy Eucharist will be celebrated at 9:30 on the second Sunday of each month and the kindergarten class will leave at the of offering for their classes.

Hope was expressed that the Eucharist can be developed into a weekly celebration when the deacon in charge is priested in December, making it a family service and a combination of the former 7:30 Eucharist and children's service.

A nursery for both the 9:30 and 11 o'clock services will be provided. A boys' choir will be formed in the fall.

Gov. Stevenson to Open International Air Show At Chicagoland Airport

Governor Adlai Stevenson will officially open the second annual International Air Show at Chicagoland Airport, Sept. 3, it was announced today by Maurice L. Horner, Jr., who heads the group of Chicago businessmen sponsoring the three-day air carnival for the benefit of the Illinois Cancer fund.

The program for the air show was completed this week when Maj. Speed Chandler, its producer, signed five pilots with specially equipped planes for a new event, the "upside-down" race, in which the planes fly on their backs barely 100 feet above ground, execute reverse loops and race back to their starting position.

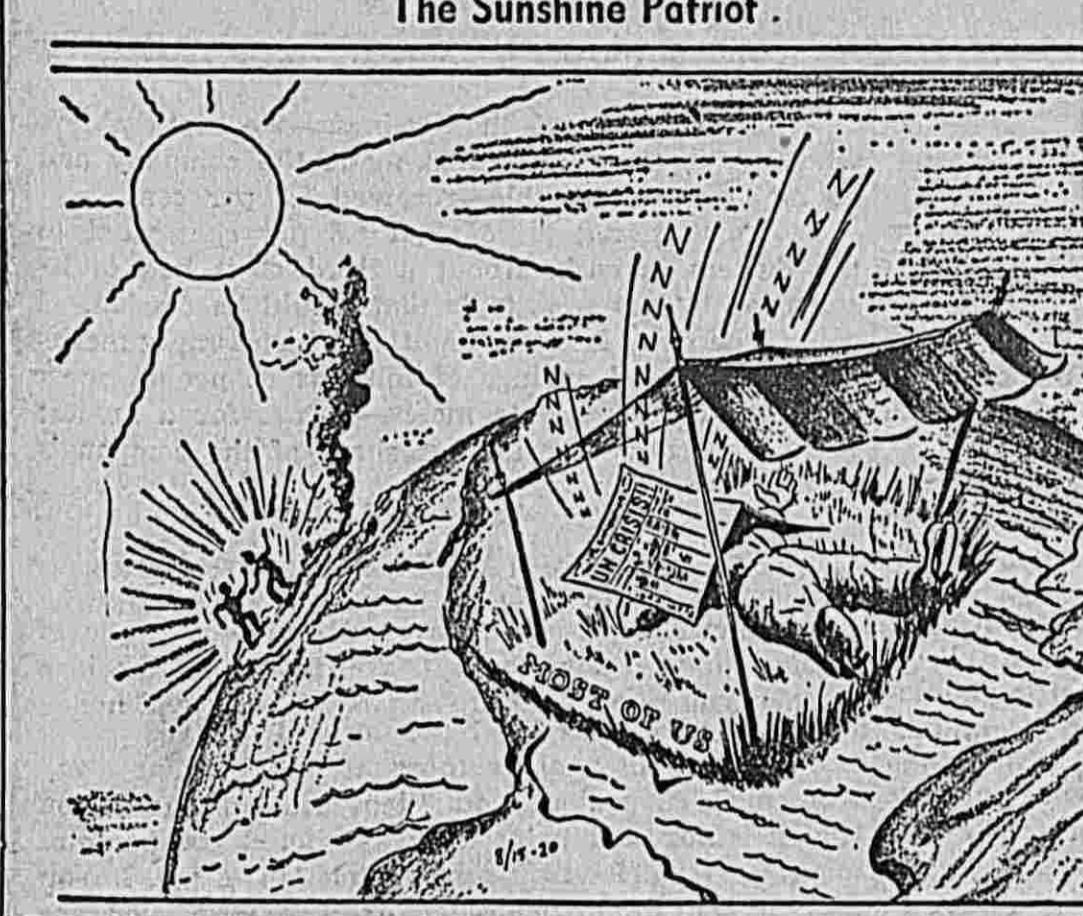

Chief executives of Michigan, Wisconsin, Indiana, Iowa and Missouri have been invited to be present opening day, which has been designated "Governor's Day."

Among the feature events of the three-day show will be midget plane races, spot landing demonstrations by parachutists, and jet plane maneuvers.

Asks Marriage Annulment

Virgil E. Sonnenberg of Antioch asked the circuit court to annul his marriage to Dorothy McRenolds Sonnenberg. His complaint says that he is but 16 years old and that the marriage took place in St. Joseph, Michigan on Feb. 19, 1949 without the consent of his or the girl's parents. They lived together only until Mar. 21.

The Sunshine Patriot

Expect to Open New St. Peter's School Wednesday, Sept. 7

Sister Mary Clare Ellen to Be in Charge; Five Other Teachers

The Rev. Francis M. Flaherty of St. Peter's church said that he hoped to have the new parish school opened on Wednesday, Sept. 7.

The opening date will depend on the completion of the water and sewage system.

The dedication date will be later and is at present but tentative.

He announced that Sister Mary Clare Ellen of St. Jerome church will be the sister superior in charge and there will be a music teacher and four grade teachers for the eight grades.

Coincidental is the fact that Sister Mary Clare Ellen is from the same church as that of Father Flaherty who built St. Peter's church.

Just how much the enrollment will be is not yet known, but it is expected to relieve considerably the crowded conditions of the public schools and to warrant sizeable classes in all grades.

Radio Program Saturday Will Salute V. F. W. on Golden Anniversary Event

Leading Hollywood stars, including Bing and Bob Crosby, Dinah Shore, Dennis Day and Jimmy Wakeling, will be featured in a special transcribed salute to the Veterans of Foreign Wars Golden Jubilee over WGN, 11:30-12 Noon on Saturday, Aug. 20.

A half-hour of music, drama and comedy, the program will also feature Bob Crosby's nine-year-old daughter, Cathy; a message from Lyall T. Beggs, Madison, Wis., V. F. W. Commander-in-Chief, and the bands of John Scott Trotter, Frank DeVil and D'Arteaga.

Station WGN is presenting this public service feature to commemorate the founding of the V. F. W. fifty years ago. During the week of August 21 to 26, inclusive, the organization will hold its 50th Annual National Convention in Miami, Florida.

Composed exclusively of men with overseas campaign ribbon service, the V. F. W. was founded in 1899 by Spanish-American War veterans recently returned from the campaigns in Cuba and the Philippines.

The program which will highlight the "Happy Birthday" theme, reviews the service of the V. F. W. has rendered to veterans and their dependents and beneficiaries throughout its half-century of existence.

Marjorie Young Returns From Hollywood Meeting Of Dance, Movie Artists

Marjorie Young, Antioch dance instructor, arrived home last week from Hollywood, Calif., where she was Lake county's only representative at the annual convention of the National Association of Dance and Affiliated Artists, Inc.

Miss Young said the Labongwa was presented in class instruction as one of the popular new ballroom dances. Frank Veloz of Veloz and Yolanda was credited with having introduced this dance which is a variation of the conga and rhumba.

The local teacher mingled with such movie stars as Jane Powell and Joan Taylor and had as her instructors Eduardo Casina, father of Rita Hayworth, and Adolph Bohn formerly of Chicago.

CORRECTION ON NOLAN RESORT COTTAGE FIRE

The Antioch News wishes to correct a statement made in the last issue—stating that the fire at Matt Nolan's Resort was caused by defective wiring. Mr. Nolan states that the Western Adjusting Co., in making an examination report that the fire was not caused by defective wiring but by a cigarette or lighted match dropped in the bedroom of the cottage. Nolan's Resort, a beautiful place on Petite lake was formerly known as Marine Grove.

Large Pump of Village Water System Breaks; Expect Repair Friday

Experts Do Not Believe That Water Level in General Is Lowered Here

The large pump of the Antioch water system is being repaired after a breakdown last Friday.

The water superintendent, Walter I. Scott, said that he hoped to have the large pump in operation by Friday night. The engineers did not work on the pump yesterday as he expected them to do.

Two pump experts from the J. D. Miller Co., Milwaukee, pulled the pump and casing Tuesday and discovered that the shaft bearing the bolts was bent and the pump in general "shot".

New parts with the lowering of the bolts 16 feet and the casing 30 feet put the pump in good condition again.

Greater use of water is said to have lowered the level to the point that the bolts were operating outside the water which lubricates them. The result was a runaway pump, and damage.

The pump was down 126 of the 226 foot depth of the well. It still has far to go to touch bottom even though lowered at this time.

The pump experts do not believe that the water level of the area is dropping, although increased population draws more heavily on the amount now in the ground. They cite as their reason the height of the water in the lakes fed by springs.

Millburn in the last two years has had water difficulties and it has been necessary to redrill 11 wells.

The pump in the Antioch system was fixed temporarily Saturday, but the burden of the system was borne mostly by the small pump over the weekend.

Coach Kruzan Sounds Call For Football Candidates; Season to Open Sept. 16

A general call for candidates for the Antioch Township High school football squad was issued yesterday by Coach Maurice Kruzan for Thursday, Aug. 25, at 7:30 p.m.

"There will be no afternoon practice but there will be nightly practice until school starts," said Kruzan who said the first meeting will be in the gymnasium.

The Sequoit coach said he hoped to have a large attendance at this meeting. Boys from all classes, freshman, sophomore, junior and senior, whether they have had experience or not, are invited to come.

Coach Kruzan said that he has eight lettermen from last year's squad and some good sophomores coming up.

"We ought to have a good team this year," he said.

The Sequoit will open the season Sept. 16 with Barrington playing here. There will be two other home games, Northbrook and Palatine. Games away from home will be at Ela, Wauconda, Grant and Bensenville. Ela and Wauconda are two new teams in the conference this year, the schools having taken up the game just last year.

Benton-Jamieson Will Head Boxing Show at Round Lake Park Arena

Frank Benton, of Long Lake and Victor Jamieson, of Fort Sheridan have top honors in the Round Lake Park boxing show. Both boys have proved that they have what it takes to compete successfully.

In another match on the card Bruce Priebe, of Libertyville boxes Don Wies, of Chicago, in a stirring encounter. These two punchers may produce a knockout before the final gong. Danny Boyle who tosses punches with speed and precision and who hails from North Chicago will tangle with Bob Vignali, of Lake Zurich.

The fourth match that will please the fans features Don Sonnenfeld facing Joe Glen, of Fort Sheridan. Don comes from Fox Lake. Another crowd pleaser brings together Bob Miller, clever Fort Sheridan battler and Gene Luptak of Round Lake Beach.

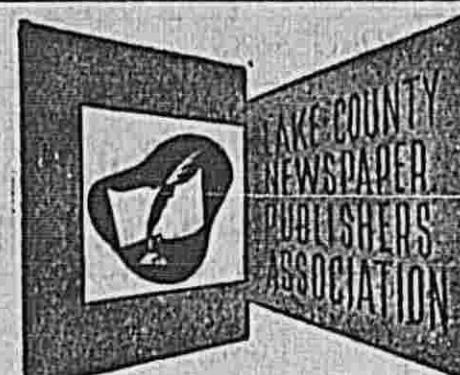

In addition to the boxing matches there will be two wrestling bouts with the best amateurs in the midwest participating in the show.

All in all next Saturday's card is one of the best ever arranged by Lou Orr, the aggressive and sincere matchmaker who has been pairing the boys for the past several years in the Lake County Stadium.

Growing More Meat

According to an article in the Farm Journal, "Over the U.S., just about everybody is beginning to grow more meat. It's a spectacular shift in American agriculture."

Various causes are responsible. There is a heavy surplus of grain on hand, and storage facilities may become inadequate. Also, meat promises a good profit and a man produces things when he can see a chance to earn something for his labor and investment.

Increased meat output won't be seen all at once. It takes a long time to increase the cattle population, and substantial periods of time for other animals. In meat production, natural laws govern, and no one has found a way around them. However, as the months wear on, the amount of meat available to each consumer will grow steadily larger.

This will undoubtedly have a salutary effect on the national health. Recent developments in dietetics indicate that the average person consumes much less protein than he needs for maximum vitality, morale and alertness. Meat is man's favorite protein food. One eminent medical authority believes that the superiority of American soldiers in the last war was largely due to the fact that their diet had a greater protein content than was given the troops of other nations. So meat production has a definite bearing on our physical well-being as a people.

Who Gets The Lion's Share?

The idea still seems to be prevalent that the owners of industry get the big rewards—while the workers get the crumbs.

That is one of the worst possible misconceptions. And it is a good sign that industry is now working to correct it, by releasing simplified balance

sheets showing the actual financial experience of typical enterprises.

A revealing example concerns the nation's largest steel company, which has been in business for 47 years. In that time it has had a total gross income of \$44,000,000,000.

Here, on a percentage basis, is what happened to that huge sum of money.

Payments to other companies for goods and services—much of which went out in payrolls—took 37.2 percent.

Depreciation of equipment—worn-out tools—required 6.7 per cent.

The government, through taxes, received 6.4 per cent.

The owners of the business—the stockholders who put up the money that made the company and its employment possible—received 8.3 per cent.

Further, not all of that 8.3 per cent went to the owners in cash. About a third of it had to be set aside to buy new tools that would be needed.

The point is clear. Capital—which simply means the accumulated savings of millions of people, most of them with moderate means—works for a modest wage, generally the smallest share of the company's earnings.

The Low Down From Hickory Grove

This essay today, I am "bearing" it to folks who live somewhere else than around or close-by one of Uncle Samuel's powerhouses. You might get the idea—when you live elsewhere—that it is milk and honey where Sambo turns the lights on and off.

Also, and another thing, if you live far away from a Govt. project, you might pick up the notion that it is not your baby and why should you perspire about it. Well, I will touch on that angle, too. If you live in Detroit, or Montana, or Key West, you are helping with your dinero to operate the TVA lights, Grand Coulee dam and a couple dozen others. Uncle Samuel gets his cash money for everything from everybody—you dig up the do re mi wherever you have your domicile, or income tax day, for all the Govt.'s wide and fancy meanderings—ocean to ocean.

But back to milk and honey, and where it is not. In Redding, California—which is a hop, step and jump from the Govt. dam at Shasta, and where the folks are close enough to same to see what is in the wood-pile, they had an election. The folks there voted "not-on-your-tin-type"—no Govt. kilowatts for us—we will stay with the private outfit that has been here for years, we know 'em." The local company, the Redding folks said, don't blather and brag so much, but the lights are okay and bright—we will keep 'em so. Illuminating, I calls it.

Yours with the low down,

JO SERRA

LAKE VILLA

Mr. Francis R. Lewis, of Seattle, Wash., who is a senior student at Garrett Biblical Institute at Evanston, was guest minister at the Community Church last Sunday. Rev. T. E. Rodd and family will be back this week from their vacation and he will use the topic "Ye Shall Be Witnesses", for the sermon at the worship service next Sunday.

The church school annual picnic will be held on Thursday, Aug. 25, at the Dunes State Park, between Waukegan and Zion on Lake Michigan. Meet at the church at 10:30 a.m., and bring your picnic lunch. The school will furnish ice cream, cold drinks, coffee, paper plates and cups.

Mr. and Mrs. Daniel E. Williamson and four children came in from Glascow, Kansas, last week having been called here by the death of his brother, Guy Williamson. The two sisters, Mrs. Gurren, husband and son, of St. Louis, Mo., and Mother Mary Kenneth of the Convent of the Holy Child at Pasadena, Calif., were also at home and present for the funeral services.

Miss Sue Dunbar, of Akron, Ohio, spent last week with her grandparents, Mr. and Mrs. C. N. Dunbar at Petite Lake Highwoods.

Miss Anne Whittemore of Flossmoor is spending part of her vacation with her grandmother, Mrs. Clifton Bray at Buena Park.

Mrs. Dankerman, her daughter and son-in-law, Mr. and Mrs. W. Nelson, formerly of Long Lake,

now of Chicago, visited the Walter Sorenson and Hans Fischer families at East Shore Gardens last week and on Tuesday Mrs. Sorenson entertained Miss Frances Barthel of Chicago.

Miss Verna Bennecke accompanied by her cousin, Miss Erma Priee of River Forest, left last Friday on a two weeks vacation trip to California, where they will visit her brother Herbert Bennecke and family.

Mr. and Mrs. Wm. Somers of Villa Woods entertained relatives from Chicago at their home last week.

Miss Frances Evans, of Chicago, was guest of her friend, Mrs. Helen Avery at her home over the weekend.

Mrs. Lottie Barnstable was hostess for the pinochle club at her

home on Tuesday this week. Pot luck dinner was served at 12:30 followed by games of pinochle during the afternoon.

Mrs. Ethel Wood, Lulu Nelson, Stella Pedersen, Little Boehm, Marie Hamlin, Georgia Avery and Cora Cheon by Mrs. Helen Avery last Thursday afternoon as the Sewing Club group. Mrs. Ruth Sheehan and daughters of Antioch were guests during the afternoon.

The large dairy barn on Lindenhurst Farm at Sand Lake, burned to the ground last Saturday in spite of the efforts of the Lake Villa Fire Department. The local department was called during the morning and the fire seemed to be extinguished but it had smoldered and it soon

Antioch, Illinois

Color of Eyes

Dark eyes are dark because of fine articles of pigment in their irises. Blue eyes have no pigment but look blue because colorless droplets in their irises scatter light, absorbing the longer rays and reflecting only the short blue ones.

Number, Please

For matching colors, a device known as a reflectometer is used in paint factories to eliminate errors in human judgment. The reflectometer translates the hue, and value of any color into precise numerical values.

Work of BAE

A regular part of the work of the bureau of agricultural economics is to find out what farmers get for their commodities and how much the consumer pays at the retail store.

Cattle Rustling

Thousands of potential pairs of leather soles never reach the shoe industry each year because of the cattle rustling which still goes on in the stock-growing states. The "rustlers" sell the meat and throw away the hides.

Upholstering

Have your worn out living room furniture rebuilt, it will be better than what you can buy now and cost less. Samples of covering and estimate on request. All loose joints will be reglued and all new inside material used.

1899 50 THIRTY YEARS OF SERVICE AT A SAVINGS 1949

Cordially Disliked

By Richard Hill Wilkinson

I HAVE NEVER known a man to be more wholeheartedly disliked than Henry Spafford. The reason for it is his braggart qualities, his overbearing sense of importance.

We tolerate him because we like his wife, Madge, but even so our toleration is a chore. The other night I was over to the Spafford's and sat through an hour of Henry's bragging. It seems that the big boss in New York—Henry is employed by the Jason Reid Steamship Company—called up the Philadelphia office where Henry works and Henry answered the phone.

"Jay's a great guy," Henry told me, referring to the incident. "He's asked me to run up to New York to see him a couple of times. I must remember to do that." "Who's Jay?" I asked. "Jay?" Why, Jason Reid, who owns the line, of course."

"Oh," I said. "The way to get along in any business," Henry went on, "is to let the boss know right off he can depend on you. That's the way I am with Jay."

I left the Spafford home an hour later, furious that I had stayed so long, pitying Madge and disliking Henry with a renewed sense of disgust. "Something," I told Betty, my wife, "ought to be done about that punk. Now he's calling Old Man Reid, Jay."

"The thing to do, Betty smiled, "is to be amused at his ravings, not annoyed. He doesn't hurt any one, and there's always Madge to think of."

"Even Madge," I replied, "won't keep me from hitting that guy one of these days. Something," I repeated, "ought to be done about him."

Whether or not my thinking about it had anything to do with what happened a couple of days later I will never know. Henry was fired. Without warning or explanation he was given a couple of weeks' pay and was bounced out on his ear.

My first reaction when Betty told me about it was one of exuberance, a fiendish desire to rush over there and gloat, to sneer: "I told you so! Why don't you call up your friend, Jay, wise guy?" But this feeling passed immediately. Curiously it was followed by one of pity. The more I thought about it the deeper became my sympathy. What greater humiliation, I thought, could a man endure than this that confronted Henry Spafford?

NEXT DAY I called Hal Wheaton and asked him to have lunch with me.

"Don't be annoyed at his ravings. He doesn't hurt anyone, and there's Madge to think of."

"Have you heard about Henry?" I asked when we were seated.

Hal nodded, avoiding my eyes. "I met the poor devil on the street this morning. I don't mind saying that it was an ordeal."

I thoughtfully lighted a cigarette. "Hal," I said, "think of Madge. Isn't there something we can do?"

"Well," said Hal, "I've been wondering, too. Poor Madge." He coughed. "I called Bob Taylor of the Taylor Lines this morning. Bob says that he might be able to do something for Henry on our recommendation."

"I guess," I grinned. "that's the answer."

And it was. Henry and Madge were over three days later. "I understand you've got a new job!" I remarked to Henry.

"Yes," he said with a bored look on his face. "Bob Taylor called up as soon as he heard that I was free, and asked if I'd consider a position with him. Well, you know when a man offers you more money—"

I glanced at Betty. There was a faint smile on her face. I suppose she was amused. I hope so. Because an hour later, with Henry still blowing, I was mad enough to choke him, and almost did.

Alice Margaret Leng Is Bride of George Haaske

Miss Alice Margaret Leng, daughter of Mr. and Mrs. William B. Leng of Lake Villa, became the bride of George E. Haaske, son of Mr. and Mrs. R. P. Haaske of Waukegan, Saturday, August 6, at the Methodist church of Grayslake.

The bride in a dress of white satin mousseline de soi, with a trailing veil of lace, and carrying a bouquet of white gladioli and chrysanthemums, was given away by her father.

Mrs. Raymond Podboy, wearing white organdy over pink taffeta and carrying white chrysanthemums was matron of honor. Miss Margaret Welsh, cousin of the bride, and similarly attired except for green taffeta was bridesmaid. Ruth Wolf, cousin of the bride, wearing white and carrying yellow chrysanthemums was flower girl.

James R. Haaske, brother of the groom was best man. Ushers were Ralph Richardson, William Peterson, and Robert Erwin of Waukegan. Robert Severon of Lake Villa and Alfred Bush of Chicago.

A reception for 400 guests was held at the Lake Villa school gymnasium.

Mr. and Mrs. Haaske will make their home in Waukegan. Mrs. Haaske is a graduate of the Antioch Township high school. She is employed by the Citizens National Bank of Waukegan. Mr. Haaske was graduated from the Waukegan Township High school. He is employed at the Haaske Coal Co. of Waukegan. He was a staff sergeant stationed in the Pacific for 41 months at a station hospital during World War II.

Nina Matthisen To Be Interviewed Over WKRS August 19th

Nina Matthisen will be interviewed on the Bahai Temple and its Symbolism over the Waukegan FM station WKRS on August 19th, at 10:30 DST. This broadcast will be the initial feature of a Northern Illinois Bahai Teaching Conference which will be held in Waukegan this weekend.

Saturday evening at 8:15 there will be a meeting open to the public at the Gas House, 214 Madison St., Waukegan. The speaker for the evening will be Miss Farukh Ioas of Wilmette, and her subject "What is the Bahai Faith?"

Miss Ioas was born in San Francisco and is a graduate of Leland Stanford University, Cum Laude. She is also a Phi Beta Kappa. She has traveled extensively in the interests of the Bahai Faith, and is a fluent and charming speaker.

MRS. JENSEN HOSTESS TO WOMAN'S CLUB

Mrs. Jennie Jensen was hostess to the members of the Indian Point Woman's club at her home Wednesday. Plans were made to hold a picnic for the club August 25 at Petrifying Spring. After cooking their food outside the ladies will play cards and bunco.

EPISCOPAL CHURCH HOME BAKERY SALE SAT., SEPT 3rd

Members of St. Ignatius Episcopal church will sponsor a home bakery and food sales Saturday, Sept. 3rd, at the office of Grande Cleaners, Main Street, Antioch.

MRS. GAA HOSTESS TO PAST MATRONS CLUB

Mrs. John Gaa is entertaining the members of the Eastern Star Past Matrons club at her home at Lake Catherine this evening (Thurs.). Following a short business meeting cards will be played followed by a luncheon served by the hostess.

HOME BUREAU, LUNCHEON STYLE SHOW & CARDS

The Lake Region Unit of the Home Bureau are sponsoring a 1 o'clock luncheon, style show and card party at the Scout Home, August 24. Mrs. Thomas F. Hunt, of MariAnne's will have charge of the style show. Card games will be in play following the luncheon and show.

MARY ABT CLUB ENTERTAINED AT HUNTER HOME, WED.

Mrs. Mary Abt, East St. Louis, Supreme State Deputy, of Rainbow for Girls of Illinois, was guest of honor at meeting of the "Mary Abt Club" held at the home of Mrs. Martha Hunter, assistant Supreme deputy, Wednesday. Thirty guests including Worthy advisors and Mother advisors were entertained. The hostess served a delicious smorgasbord luncheon.

Mrs. Effie Nelson and Mrs. Joseph Horton spent Monday afternoon in Kenosha.

Mrs. Ida Castleberry, of Chicago, returned home Monday after spending the past several days with Mrs. Archie Shannon at her Channel Lake home.

Antioch 4-H Girl Again Wins High Honors at Fair

Betty Jean McDougall was among the four Lake county 4-H girls who received outstanding honors at the clothing exhibit at the Illinois State fair this year.

It is the fourth straight year that Miss McDougall of the Antioch Aces has won these highest awards. The others so honored are Rosemary Bolton, Russell Roses, Rita Craft, Fair and Square club, of Gurnee; and Orpha Crook of the Volo Busy Bees.

Miss Crook and Miss McDougall were interviewed for 15 minutes in recording that was broadcast from the Decatur radio station Tuesday evening, and Miss Himeshaw, extension worker for the State College of Agriculture, conducted the interview. Miss Crook likewise was interviewed for broadcast over the university station WILL. She will be a student at the university next year.

Jo Ann Miller, Volo and Shirley Streich, Zion, got A's and Dolores Naffziger, Zion, B in the exhibit of their dresses not modeled.

Horton Family Reunion Held at Fox River, Sun.

Mrs. Eveline Horton, 85 and Susan Girdley, 3½ month old, daughter of Mr. and Mrs. Ralph Girdley, of Waukegan, were the oldest and youngest persons attending the family reunion of the Horton family, held at Fox River Park, near Wilmot, Wis., Sunday. Fifty-three persons were present at a dinner served at noon. Those from a distance attending were: Mrs. Arnie Flynn, Sioux City, Iowa; Mrs. Lela Flynn, Mr. and Mrs. Glen Flynn, of Chetek, Wis.; Mrs. Elsie Bennin, Leland Bennin; Mr. and Mrs. Collins Hansen and sons, William Cafmyer, all of Milwaukee; Mrs. Rose Terrill of San Diego, Calif.; and Mr. and Mrs. Ralph Girdley, of Waukegan, other relatives attending were from Chicago, Waukegan, Zion, Chetek, Grayslake and Antioch.

Library Notes

Mahatma Gandhi's favorite hymn supplies the title for Vincent Sheean's book, "Lead, Kindly Light". Besides being a foreign correspondent of note for many years, Vincent Sheean is an ardent student of philosophy including Eastern thought. He is intensely interested in Gandhi's conception of non-violence as a political and moral weapon. Mr. Sheean has been in communication with Gandhi since 1946, has met him several times, and was present at his assassination and funeral.

This study of the life and thought of one of the great men of our times will be of great help to Western minds in understanding Gandhi's contributions to peace and to the welfare of the people of India. "Lead, Kindly Light" was presented to the Antioch Township Library in memory of Elvin Keulman.

B. G. GUILLAUME RESIGNS AS HEAD OF CHURCH SCHOOL

B. G. Guillaume, for two years head of the Methodist church school in Antioch, has submitted his resignation as superintendent. Mr. Guillaume is undertaking some special studies which makes it impossible for him to continue for the present his work in the local school.

Under the leadership of Mr. Guillaume the Church School in Antioch received nation-wide recognition for its part in the Crusade for Christ in The Methodist Church. An article by Mr. Guillaume appeared in The Church School magazine last December describing the results of the Crusade.

In the last two years the church school enrollment has increased 127% and the attendance 128%. The enrollment at the present time is approximately 330 while the average attendance at the church school from the period between February and May of this year was 218.

In recent months Mr. Guillaume has been active in preparing detailed reports for the Official Board of the Church in connection with studies which are underway to remedy the crowded conditions in the school.

The Rev. G. Richard Tuttle, minister of the Antioch church, paid high respect this week to Mr. Guillaume for the work which he has done as superintendent of the school.

Meanwhile until another superintendent is selected a committee composed of Mrs. T. R. Birkhead, Superintendent of the Beginners and Primary Department; Mrs. Elmer Hunter, Superintendent of the Junior and Intermediate Departments, Mr. M. C. Cain, Superintendent of the Senior and Adult departments and the Rev. Mr. Tuttle will be responsible for the administration of the program.

Antioch Man Accused of Health Code Violation

After months of publicity, Joseph J. Drobniak, Waukegan real estate man and Nick Kantis, Antioch restaurant employee, have been charged by Supervisor Daniel A. Hentges of Shield township with violating a health code in the operation of trailer camps west of North Chicago. They gave \$200 bond each for their future appearance in the court of Police Magistrate Ray J. Reardon.

Seeding Dates for Wheat Announced by Nicholas Lake Co. Farm Adviser

Grayslake—Farm Bureau Adviser Ray T. Nicholas said that he has been advised by the Illinois department of agriculture that in Lake county Sept. 17 to 20 will be the best seeding date for winter wheat.

The four days are regarded as the period in which the seed in this area will find best conditions for growth and be free of destructive agencies.

Oats this year was much poorer than usual, and is not averaging more than 50 to 60 bushels an acre, Nicholas said. He said that at the seed test plot at the Huebsch farm near Mundelein oats last year averaged 42 pounds to the bushel but this year is not more than 32 pounds.

"Harvesting was difficult this year," Nicholas said. "The humid weather despite the fact that temperatures were high made for poor harvesting and in many places oats was beaten down by the rain."

Corn and soybeans in Lake county are excellent this year. The corn is in the beginning of the hardening stage, and in the next two weeks will be practically made. Soybeans, like the corn, benefited from the unusual moisture and the crop has prospects of being a large one.

Ed Gresens Injured

Ed Gresens, senior partner in the Gresengine Co., suffered a multiple fracture of his right leg below the knee last Thursday when he fell against a curb in getting out of his car at his home. He was taken to Victory Memorial hospital by the Rescue squad where the fracture was set.

Didn't Know He Had Polio

After suffering a headache a few days, George Nelson, 16, son of Mr. and Mrs. Lester Nelson of Lake st., reported the fact to his parents who immediately had him examined by a physician. A spinal test showed the presence of polio virus but he had practically recovered from the disease. He is resting at home to be sure of complete recovery.

Burgess Battery at Lake Zurich

The Burgess Battery Co., plant recently taken from Antioch is now in a newly enlarged plant at Lake Zurich.

Prepare for School Opening

The school board of the Oakland school east of Loon lake has asked all children expecting to attend the school to register between 9 and 11 a. m. Monday, Aug. 22, so that preparations can be made for taking care of the teaching load.

Golf Tournament Planned

The annual fall luncheon and golf tournament of the Building Materials, Coal and Lumber Dealers association will be held at the Chain O' Lakes golf course and country club on Thursday, Aug. 25.

Third Annual Beach Party

The third annual beach party will be conducted by the subdivision on East Loon Lake shore Sunday, Sept. 4.

Successful Carnival

Venetian Village had one of its most successful carnivals last week. There was a good attendance and profits were satisfactory. The West Miltmore Community will have its celebration Friday, Saturday and Sunday, Sept. 2, 3, and 4.

Drowning at Pistakee

Thomas Turek, 47, of Berwyn was thrown from a motor boat while fishing in Pistakee lake last Saturday and was drowned.

Draft Board Closes

The Lake county draft board at Waukegan will be dispensed with after Sept. 9 in an economy move of the federal government. Volunteer organizations may be called upon to conduct registration.

Fire at Golden-Glo Dairy

The fire department was called to the Golden Glo dairy at 5:30 a. m. Monday in extinguishing a blaze in the ceiling of the boiler room. An overheated pipe from the boiler set fire to a rafter. A small hole was burned. Conditions indicated that this is not the first time that the ceiling has caught fire.

Mr. and Mrs. William Ernst, of New York City, N. Y. arrived in Antioch Saturday for a vacation and visit with their daughter and husband, Mr. and Mrs. Harold Gaston, at their home at Petite Lake.

Mr. and Mrs. Lee Strang and Mr. and Mrs. Ed Strang attended the reception and wedding ceremony of Miss Arden Strang and Robert Babcock at the Congregational church in Grayslake Saturday.

Miss Wilma Lee Haverly, daughter of Mr. and Mrs. Warren Solen Haverly, of Corbin, Kentucky, became the bride of Dale Barnstable, son of Mrs. Eva Barnstable and Mr. Albert Barnstable, Antioch, in recent ceremonies.

ST. PETER'S BAZAAR & SUPPER A SUCCESS
The dinner and bazaar sponsored by St. Peter's church, Sunday was well attended. Two hundred and eight persons were served at dinner by the committees.

METHODIST W. S. C. S. LADIES PLAN FUN NIGHT
Don't forget the Women's Society of Christian Service, "Black Face Fun Night", to be given Sept. 8, at the Antioch Township High school at 8 o'clock.

Mr. and Mrs. Leonard Roblin attended the wedding of Miss LaVerne Male and William Crandall solemnized at the Episcopal church in Waukegan Friday evening. Mrs. Roblin served as her friends bridesmaid.

Mrs. Ollie Hanson, of Hillside Ave., is employed at the YMCA at Hastings Camp at Hastings Lake.

Mesdames E. J. Hays, R. C. Jepson, L. R. Van Patten and Johnson accompanied the girls of St. Ignatius Episcopal church choir to Milwaukee Wednesday to see a radio broadcast at WTMJ.

Mrs. Anton Stanich spent Wednesday and Thursday in Dalton with her parents, Mr. and Mrs. Arthur Albrecht.

Mr. and Mrs. E. L. Johnson, of Littleton, Colorado, are expected to arrive in Antioch Saturday for a two weeks visit with their daughter and husband, Mr. and Mrs. John Christenson. The Johnsons are former residents of Cross Lake.

Rev. and Mrs. R. A. Anderson, of Pasco, Washington, are guests of their son, Rev. G. Richard Tuttle and family this week. The Rev. Mr. Anderson is pastor of the First Methodist church at Pasco.

Mr. and Mrs. Emil Risch and Mrs. Lydia Horton left Saturday for Cheek, Wisconsin, where they expect to spend a week visiting and fishing at Potato Lake.

Mr. and Mrs. John Ottedahl entertained Mr. and Mrs. William Ernst, of New York, Mr. and Mrs. Harold Gaston and Mr. and Mrs. Howard Hageman and daughter at a 6:30 dinner Wednesday evening, at the home of their son, Everett and family.

Leftover Chicken
A good way to use bits of leftover chicken or turkey is to combine them with mushroom soup and fold in cooked noodles. Pour the mixture into a casserole and sprinkle with margarine, bread crumbs and nippy cheese. Bake about 20 minutes and you have an excellent main course.

"Squaring the Circle"
Squaring of the circle was a famous problem of the ancient Greeks. It was to draw a square having the same areas as a given circle, using nothing beside the pencil but a compass and an unmarked straightedge. Though never solved, it was not until 1882 that it was proved impossible.

Insoles for Shoes
Best insoles for shoes are those made of the same type of cowhide as the leather outsoles, since this leather gives the most healthful combination of flexibility and shape-retention.

Entrants Limited in Farm Sports Festival Because of Polio Threat

Springfield—Children under 16 years of age will not be permitted to participate in the annual Illinois Farm Sports Festival Aug. 25 and 26 on the University of Illinois campus at Champaign-Urbana. This announcement was made at a meeting of the Festival committee in Springfield. The Festival is sponsored by the Illinois Agricultural Association, County Farm and Home Bureaus, U. of I. Extension, Prairie Farmer, WLS, and other cooperating.

Decision to limit competition to children 16 and over was made because of the incidence of polio in the state.

Four events of the festival also were cancelled by the committee, Roy Johnson, of the IAA said. They are 4-H physical fitness, tumbling, swimming and track.

The square dance and swing jamboree scheduled for the night of Aug. 26 also were cancelled. But the folk and music festival which is scheduled outside on the front steps of the university auditorium will be held.

Holstein Cow of Armours Has High Production Test

Brattleboro, Vt., Aug. 15—Harnell Burke Ormsby Johanna, a registered HolsteinFriesian cow owned by Laurence Armour, of Sunnyhill farm, Antioch, has completed a 365-day production test of 672 pounds of milk, made in Herd Improvement Registry tests.

Testing was supervised by the University of Illinois in cooperation with The Holstein-Friesian Association of America.

This cow was milked twice daily and was 8 years 3 months when she began her test period.

Uncle Sam Says

June 17, 1775, 174 years ago, our forefathers fought a great battle for freedom and opportunity at Bunker Hill. Each one of you realizes that to maintain the freedom and opportunity for which they fought you must be ever vigilant in doing your share. One of the country's greatest assets is a sound economy which you can help to uphold. Your government is providing the opportunity through the U. S. Savings Bonds program. If not already enrolled for the safe, automatic way of purchasing Savings Bonds, the great Opportunity Drive, now in progress, is your own individual opportunity.

U.S. Treasury Department

Drainage
About one fifth of the nation's land now available for crops has been made arable or more productive by drainage improvements.

Slick Iron
To keep the bottom of an iron slick, run it over wax paper while the iron is hot.

Supercarrier

Named "United States"

WASHINGTON. — President Truman has approved the name U.S.S. United States for the Navy's giant aircraft "super carrier," which is to be 1,090 feet long.

The name is considered an especially honored one, having been used for only one other combat ship in the history of the Navy. The first was a frigate launched on May 10, 1797, and named the United States by President George Washington.

The keel of the new United States will be laid at Newport News, Va., according to the latest Navy estimate. It is expected that it will cost about \$12 million dollars.

In revealing the choice of names, the White House said the "super carrier" would be equipped with "the most advanced armament of her time," and the "latest type carrier planes available" would fly from her deck.

Chemical Weed Control

Chemical weed control is not a substitute for good farming — it is a part of good farming. Losses from weeds and undesirable plant growth are as great in the aggregate and in importance to the individual as those from insects and plant diseases combined. The demand of the farmer for herbicides is second only to his demand for mechanization.

Danger in the Sun

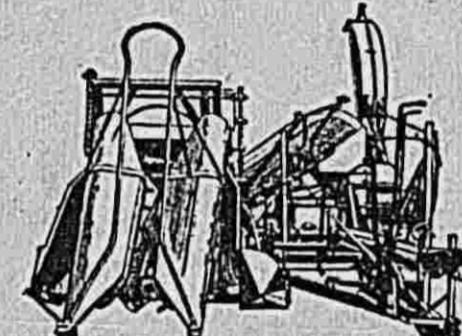

Can you tell sunstroke from heat exhaustion? Both are dangerous, the National Safety Council says. Heat exhaustion leaves the victim's skin cold and clammy, while sunstroke results in a hot, dry skin. A general rule for the treatment: Keep the cold patient warm, and the hot patient cool.

Honey Cinnamon Toast

Toast slices of bread on one side. While still hot, butter the untoasted side of bread. Spread buttered side with honey. Sprinkle cinnamon over the top. Place slices under broiler until the bread is well browned and the dressing is well blended.

Lives Forever

The one-celled animal never grows old and never dies, unless it is eaten by another animal or meets with an accident. To propagate, it simply divides itself in two.

**CORN HARVESTING IS
FORAGE CLIPPER TIME**

The Massey-Harris Forage Clipper is a 3-way machine that cuts, chops and loads corn as well as hay. You bolt the special corn attachment to the regular clipper and you're ready to do a fast, easy, economical job making corn silage. Ears, leaves, stalks are chopped to selected lengths for quick, easy storing for quick, easy storing. Get the complete details at our store.

LIVESTOCK HEALTH ODDITIES**Tarantula Not So Bad**

Despite its fierce appearance, the tarantula is not deadly poisonous to man. The World Book encyclopedia says the bite of this hairy spider is painful, but has never been known to be fatal. Actually, the tarantula, which is the largest of all spiders, serves man by eating great quantities of harmful insects.

Leafhopper Control

Rotenone and DDT make a good mixture for controlling leafhoppers and Mexican bean beetles on beans.

"Cobbers"

New Zealand soldiers call marines "Cobbers," meaning pal or buddy.

More Quail

The way to have more quail on the farm is to plant proper food and cover crops for them.

Tea Drinking Habits

The Chinese and Japanese usually take their tea in small cups, the Russians in big glasses, and the Bedouins of the desert in small glasses, but brewed strong, hot, and bitter-sweet. The Americans are credited with inventing iced tea, one of summer's pleasantest refreshments.

Glass Stains

Stains on glass cooking utensils can be removed by soaking in water containing baking soda.

Here's why YOUR BEST BUY IS SERVEL

Only the Servel GAS Refrigerator...
STAYS SILENT-LASTS LONGER

It's the freezing system that measures refrigerator value. And only the famous Servel Gas Refrigerator brings a freezing system with no motor, no machinery, no moving parts to wear or make noise. Just a tiny gas flame does the work—silently, efficiently. So—as more than 2,500,000 owners will tell you—only Servel stays silent, lasts longer.

Come see the new Servels. You'll be delighted with their new food-keeping conveniences. Every one you're looking for in your refrigerator! Notice the big frozen food compartment. The generous-sized dew-action freshener for keeping fruits and vegetables garden fresh. You'll find all the tall bottle space you want, and plenty of ice cubes, easy to pop out. Even a special egg tray!

Plastic-coated shelves are adjustable up or down. (So it's easy to fit even a big watermelon or a giant turkey gobbler into your Servel.) Shelves slide in or out.

You'll say the famous silent, long-lasting Servel Gas Refrigerator ranks first for value—every way!

See new models at your dealer or the Public Service Company store.

Logging Operations

Our forest lands today often seem more productive than in the past because of the closer logging utilization made possible by re-logging, yields from thinning, salvage of fire-killed trees, and pre-logging.

Sweet Corn

Sweet corn was not known to white men till the discovery of America, after which time it became popular; increasingly so since 1900, largely due to the development of hybrid corn.

Modern letterheads mean business!

Think of every letter you write as an advertisement for your firm—and you will see why you should use a modern letterhead. Perhaps we can improve your business stationery. We will gladly show you samples of attractive letterhead designs. There is no obligation, of course.

This Week's Bible Verse

"I can do all things through Christ which strengthens me." —Phil 4:13"

Gilbert Dodds, one of America's fastest mile runners (4:05.3) uses the above text when signing his autograph—following his name he adds, "Phil. 4:13."

Our Rulers

"Our rulers will best promote the improvement of the people by strictly confining themselves to their own legitimate duties—by leaving capital free to most lucrative course, commodities their fair price, industry and intelligence their natural reward, idleness and folly their natural punishment—by maintaining peace, by defending property, by diminishing the price of law and by observing strict economy in every department of the state. Let the government do this: The people will assuredly do the rest."

—Quotation from the British statesman, Lord Macaulay, made more than 100 years ago.

This Week's Recipe

For a delicious chocolate sauce —Melt chocolate chips over hot water and add strong coffee until it's the thickness you like. The flavor is super.

Sour Milk or Cream for Cooking

Sweet milk can be converted to sour milk for use in cooking by adding one tablespoon of lemon juice or vinegar to a cup of sweet milk.

Bottle Fed Pumpkins

Here's one for the home gardener. You can bottle-feed a pumpkin by threading a piece of yarn through the stem of the pumpkin and putting both ends of the yarn in a pint jar of milk. (Put in fresh milk every other day). These bottle-fed pumpkins grow to be very large.

Harry the First

For the first time in history there is a Harry in the White House. There have been five presidents named James. Three named John and William. Two named Andrew and Franklin, and one named George, Thomas, Martin, Zachary, Millard, Abraham Ulysses, Rutherford, Chester, Grover, Benjamin, Theodore, Woodrow, Warren, Calvin and Herbert. But never until now a president named Harry.

Grandpa Knows His Wimmen

A young girl, talking to her grandfather, asked, "Grandfather, how old does a girl have to be to get married?"

Grandfather: "She must be old enough, yet young enough, big enough, yet little enough, wise enough, yet dumb enough, weak enough, yet strong enough, to chase a man, until he catches her."

Smiles

All you folks who have troubles, remember the teakettle—it may be up to its neck in hot water but it always continues to sing. Norman Ross on his Chicago WGN program.

Sign outside farm gate: "The only love that money can buy.—Puppies for sale." —The Furrow.**Traffic sign in small Oklahoma town:** "Slow. No hospital."**This Week's Quizzer**

• Who was the first native born American to become President of the United States?

Answer to last week's quizzer: "What four animals can be shot with one bullet? A puma, a mountain lion, a panther and a cougar—because these are all one and the same animal. See you again next week."

• The best advertisements for our service department cannot be written. They are our many satisfied customers, who are telling their friends daily of the very fine workmanship that they always receive in our Service Department.

SHORT STORY

Artistic Ancestors

By Richard Hill Wilkinson

"I WISH," said Aime Butterworth wistfully, "I only wish there had been some one in our family who really did something, something worth while, something—" she smiled as she said it—"I could brag about."

Fred Butterworth laid aside the morning paper, gulped down the last of his coffee, shoved back his chair and said: "What?"

Aime overlooked his rudeness. "The bridge club meets here this afternoon," she said, "and I dread it. I dread it because Aggie and Gertrude Wilcox will monopolize the conversation with stories of their ancestors."

Fred scratched his chin and contemplated the wistful look in his wife's eyes. Suddenly he banged the table. "By George, I'd almost forgotten it! Darned if I hadn't. You sit here a minute, sweet, till I rummage around in the attic. I'll give you something to brag about!"

Later he returned with a book. "But what is it?" asked Aime. "It's a book of poetry, that's what it is! Written by my mother and published 20 years ago. There's talent in my family, I'll have you know."

Aime's eyes lighted, then glowed with sudden joy. "Fred! You dear! Is it really? Was your mother really a poet? Oh, why didn't you tell me before? It's just too exciting!"

Fred grinned delightedly. Enroute to the station he began to smile. And by the time he had boarded the 8:15 the smile had developed into an occasional chuckle. Tom Cooke, who usually sat with Fred during the short run to the city, became curious.

"Say what's eating you this morning? Let a man in on it if you've got something that'll fetch a laugh these dull days."

Fred laughed outright. "I'll tell you, Tom. It's too good to keep. But don't on your life breathe a word. It would kill Aime."

TOM MADE SOLEMN promises and cocked his ear, "Well," said Fred, "Aime was upset this morning because she didn't have anything to brag about at her bridge club. The other members, it seems, have artistic ancestors. It made Aime feel bad to think she married into such an uninteresting family, so I dug into an old trunk and produced a book of poems that mother published 20 years ago—and told her to brag about that."

"How'd you come out?" Tom asked. "What did Aime say?"

Tom looked puzzled. "What's wrong with that? I'd say a mother-in-law poet was O.K."

"But here's the rub," Fred grinned. "That book of poems is an old manuscript that belonged to my grandmother. After grandmother died, mother found the script, thought the poems were worthy of publication, added a few of her own choice verses, and submitted the retyped copy to a publisher. Mr. Publisher ate the stuff up."

"Mother was thrilled. She thought she must have real talent, and went down to the library to study up and read the masters. While perusing a volume of Walt Whitman she discovered some of the very poems that her mother had supposedly written.

"Of course, mother immediately wired the publisher, advising him to cease manufacturing the book, and explaining that her mother must have copied some of her favorite Whitman poems, in order to save them. But Mr. Publisher had already printed about 2000 copies, which were ready for distribution. Mother bought up the edition and destroyed all but one, which she kept for sentimental reasons. That one is the book I gave Aime this morning."

Tom Cooke arrived at the station a few minutes early the next morning and when he saw the grinning countenance of Fred Butterworth coming down the street, he went eagerly to meet him.

Released by WND Features

Uncle Sam Says

Flag Day, June 14, holds significance for every American. Under the waving Stars and Stripes each citizen knows that he still possesses the most cherished of all ambitions—freedom and opportunity. He also knows he can retain these just so long as our country is economically sound, and he knows too that one of the most effective methods ever devised to keep it strong is an investment in U. S. Savings Bonds. Your purchase of Savings Bonds strengthens not only your own economy but your country's as well. If you are not now enrolled for the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan at your bank, now is your BIG CHANCE to start.

Colonial Colors

In the days when Early American furniture was considered "contemporary," the painted wall colors which were most popular included soft blue-gray, turquoise and pumpkin yellow. There were also glints of vermilion for accent.

Bacon Does It

Make your lunchtime salad bowl extra tempting by adding bits of crisp bacon. It's exceptionally good when mixed with a celery, apple, walnut and mayonnaise combination.

How Things Burn

When something burns, it's not the solid or liquid substance itself—it's the vapor that the flame consumes. A piece of wood, for example, doesn't catch fire until it's heated to the point where vapor is given off.

Iraq's Ruler

Iraq's national holiday is celebrated May 2 because that is the birthday of the reigning king, Faisal II. The monarch, although only 14 on May 2, 1949, has been ruler of Iraq's four and one-half million people for more than a decade.

Freedom Train Local

The "Freedom Train Local," two stainless steel trailers carrying replicas of early American documents, is visiting places where the Freedom Train couldn't go.

Plant Diseases

Prevention and control of plant diseases can be done with bordeaux mixture, fixed copper, carbonates, wettable sulfur or sulfur dust. Follow directions for any compound you buy.

Insect Infestation

The spread of insect infestation and tree disease is more serious and more difficult to control than forest fires.
